## RIGOROUS QUALITY STANDARDS YIELD POWERFUL RESULTS!

We believe in dedicating ourselves to strict standards of quality in manufacturing. We maintain the absolute highest grade of manufacturing for all our products – pharmaceutical grade cGMP, government-inspected facilities featuring state-of-the-art conditions with sealed air-pressurized chambers.

## A HEALTHY OBSESSION WITH PURITY, POTENCY AND EFFECTIVE FORMULAS

We are obsessive about testing and analyzing each and every batch of our products. We go well beyond the call of duty to ensure that what we put on the label is actually in the product and in the required amounts and concentrations. We laboratory test every lot and every ingredient to ensure 100% validity. There are cheaper and easier ways to create the supplements you consume, but we do not believe in anything less, nor will we settle for it.

## PROFESSIONAL GRADE PRODUCTS PROVIDE THE BEST RESULTS!

Customers have had a healthy obsession with Allmax for over 20 years because they get results. They understand the importance of following a solid diet and training hard in combination with our professional grade products. We understand that our customers demand more, which is why we consistently supply cutting-edge supplements to help them achieve their goals as quickly and efficiently as possible.

## THE ALLMAX NUTRITION BRAND STANDS FOR SCIENCE, INNOVATION, QUALITY AND RESULTS.

We continue to quietly grow through word-of-mouth recommendation, as satisfied athletes and trainers continue to tell others about their impressive results.

**DEMAND MORE. GET ALLMAX.**

**Verified for Sport**  
**BANNED SUBSTANCE TESTED**

## VERIFIED FOR SPORT. BANNED SUBSTANCE TESTED.

These products have been skip-lot tested for banned substances for the assurance of athletes and supplement users.

## UNSURPASSED: THE ALLMAX<sup>®</sup> QUALITY GUARANTEE

Look for this logo that ensures every ingredient added and every lot produced is laboratory-tested for purity and potency to ensure consistent product quality and integrity every time, guaranteed. Test our product; we guarantee it passes every time or we pay for your testing and refund your purchase. You won't find anyone else willing to stand behind their product with this guarantee.

## HIGH PERFORMANCE TRAINING FUEL

CARBION+™ has taken hydration to a whole new level. You need carbohydrates to fuel your muscles and delay the onset of fatigue. The phased carbs in CARBION+™ will maintain your blood glucose levels longer so you don't crash and you can keep going longer and harder at a higher level of performance.

When you sweat, you lose electrolytes as well as water. Increased levels of highly absorbable electrolytes in new CARBION+™ will ensure you stay hydrated so you can retain and utilize the fluids you are consuming. Additionally, the absorption blend in CARBION+™ helps to initiate the uptake of blood glucose into cells, meaning more actual fuel in the muscle.

## PRE-CONTEST WATER REMOVAL SYSTEM

The most advanced competition-specific water loss system ever. HYDRADRY™ is tailored specifically to the needs of the on-stage competitor who needs the sharpest, razor-like hardness that only HYDRADRY™ can deliver.

HYDRADRY™ works by eliminating excess water from beneath the skin to reveal the kind of detail that wins shows. Puffy, bloated skin caused by excess water hides muscle definition; this is made even worse by the harsh lights used in stage competition.

The HYDRADRY™ Pre-Contest Water Loss System provides the ideal time frame to ensure razor-sharp definition. Since there are no harsh chemicals, HYDRADRY™ works with your body to gently but effectively reduce the appearance of edema or puffy skin caused by excess water.

## DESIGNED FOR THE COMPETITIVE ATHLETE

ALLMAX Pro-Competition Series LIVER D-TOX™ is a potent combination of clinically proven herbal extracts in their most pure and potent form along with powerful vitamin antioxidants such as vitamins C & E and selenium. NAC (N-Acetyl-Cysteine) is so potent that it is used in cases of liver toxicity due to acetaminophen.

A very minor reduction in function can result in less than optimal performance. A wide range of products out there can impair liver function, some rather dramatically. Alcohol, pharmaceutical or recreational drugs, aflatoxins and even common over-the-counter drugs such as acetaminophen in higher doses can tax the liver.

# DEEP SLEEP FOR BIG GAINS

**250mg**  
VALERIAN

**150mg**  
GABA

**50mg**  
5-HTP

## FAST ACTING DEEP SLEEP

ALLMAX has taken the best-of-the-best key ingredients known to produce a deep sleep and to get there quickly. We all know that a good night's sleep is essential. Get to sleep fast so you can wake up feeling rested and refreshed.

When you train heavy your adrenal glands release cortisol. Cortisol breaks down muscle tissue and counters testosterone, human growth hormone and other muscle building hormones. Without proper sleep you can't replenish these vital muscle building hormones.

A lack of a good night's sleep can also cause other problems such as the body's ability to store Glycogen, which is used as energy for your muscles. Meaning the effectiveness of your next workout can be improved with LIGHTS OUT SLEEP™!

### What does this mean to you?

- Valerian Root - Calming sedative action
- L-Theanine - The calming component of Tea
- GABA - Can induce deeper sleep
- 5-HTP - Supports serotonin
- Melatonin - Realigns the wake/sleep cycle

UC-II

## ALL-IN-ONE JOINT RELIEF FORMULA

ALLFLEX® is an advanced recovery reliever that promotes joint health and mobility and reduces the pain and inflammation associated with intense physical activity. As a proprietary blend, it has been formulated for both active individuals and competitive athletes who participate in high-intensity exercise.

As an athlete who trains intensely, your body is more prone to wear and tear and the increased demands will inevitably lead to sore joints and muscle pains. If you're pushing your body to the extreme at the gym, you demand something that will alleviate this pain quickly and effectively. ALLFLEX®, powered with UC-II was strategically designed to provide support and relief from the pounding your body takes in and out of the gym.

# THE ULTIMATE TESTOSTERONE FORMULA

500mg  
TESTOSURGE

250mg  
SENSORIL®

200mg  
DIM

## INCREASE BIO-AVAILABLE TESTOSTERONE

Experience the power of our most complete testosterone formula ever created. Featuring four groundbreaking additional ingredients – Safed Musli, Indole-3-Carbinol, Stinging Nettle, and Boron Citrate – TestoFX Xtreme synergistically boosts testosterone, reduces unwanted estrogen, enhances bioavailable testosterone, and promotes overall vitality.\*

Unique to TestoFX Xtreme is our free testosterone blend, which lowers sex hormone binding globulin (SHBG), ensuring that free testosterone levels remain high. Free testosterone is the active form that the body can utilize for muscle growth, energy, and overall vitality. Additionally, the testosterone-boosting blend naturally increases total testosterone levels, while the estrogen-reduction blend reduces harmful estrone estrogen while maintaining beneficial estradiol estrogen. The health and bioavailability blend further promotes organ health and maximizes nutrient absorption.\*

## ARACHIDONIC ACID 120 Caps

Arachidonic Acid+ is an advanced muscle builder that contains 1600 mgs of unadulterated Arachidonic Acid extract combined with 424 mgs of RipFACTOR per serving. RipFACTOR is a clinically studied herbal extract of Sphaeranthus Indicus & Mangifera Indica.

## BCAA 400 g

BCAAs are critical to building quality muscle fast. BCAAs are widely known to increase the rate muscle grows in response to training. In fact, research indicates that as much as 35% of muscle tissue is comprised of BCAAs. BCAAs are highly anti-catabolic.

## CREATINE 100 g, 400 g & 1,000 g (Powder), 120 Caps

Creatine has been shown to increase maximal strength and endurance as much as 15% and up to 30% in power output and energy release in short burst/interval sports. Aids in increase of muscle mass, strength and size. 200 mesh ultra fine powder.

## D-ASPARTIC ACID 100 g

D-Aspartic Acid is an isomer of the more common L-Aspartic Acid. Recent human clinical research using oral dosages of 3.12 g of D-Aspartic Acid revealed increases in testosterone of 42% on average in just 12 days.

## EAA 320 g

There are nine EAAs (Essential Amino Acids) required by your body to build muscle. Your body cannot produce all of these EAAs on its own requiring you to look to other sources such as diet or supplements. We deliver 9.25g of all nine EAAs including 5,088mg of Branched Chain Amino Acids (BCAA) in a 2:1:1 ratio which are clinically proven to support muscle growth and recovery.

## FADOGIA AGRESTIS 120 Caps • 325 mgs/serving

Fadogia Agrestis has been used for centuries in traditional African medicine to support muscle building, improve athletic performance, treat erectile dysfunction and increase testosterone.

**HMB** 120 Caps • 300 mgs per serving

HMB is a metabolite of the amino acid Leucine and is produced naturally in the body in small amounts. Less than five percent of all leucine is converted to HMB. As a result, athletes and bodybuilders have recognized this and have supplemented with HMB to help build and repair muscle as well as improve recovery from exercise.

**KSM-66** 60 Caps

Ashwagandha is an evergreen shrub that is used to boost energy and reduce stress. Each serving contains 600 mgs of Ashwagandha extract. Ashwagandha KSM-66 is the highest concentration, most bioavailable full-spectrum root extract available on the market today. It retains natural constituents of the herb in the original balance. It also has an extensive set of research studies and clinical trials.

**LEUCINE** 400 g

LEUCINE is an essential branched chain amino acid (BCAA) known throughout bodybuilding as the ultimate muscle-builder. LEUCINE is essential for achieving a positive nitrogen balance and building lean muscle mass as it activates an anabolic pathway called mTOR which stimulates muscle protein synthesis.

**TRIBX90** 90 Caps • 750 mgs per serving

TribX90 provides the highest quality 100% pure Bulgarian species Tribulus terrestris. Athletes use tribulus terrestris as it helps support their own natural levels of testosterone. Tribulus terrestris may also support a healthy libido function.

**ZMX<sup>2</sup>** 90 Caps

ALLMAX has achieved maximum absorption levels with next generation ingredients like P5P (Vitamin B6 in the advanced Pyridoxal-5-Phosphate form) delivering 550%, highly bioavailable magnesium bisglycinate and ionically-bound zinc gluconate at 200%.

## ESSENTIALS FOR ENERGY & FOCUS

Boost your Energy & Focus with our supplements designed to enhance cognition, increase alertness, and support sustained mental energy. These supplements are perfect for anyone looking to stay sharp and energized throughout the day. Whether you're tackling a workout or a busy workday, our Energy & Focus products provide the boost you need to perform at your best.

**CAFFEINE** 100 Tablets • 200 mgs per serving

Caffeine can provide the energy you need to get through your workouts. It can also serve as a powerful energy boost for those days that you just don't seem to have the energy to make it through a hard training session.

**KSM-66** 60 Caps

Ashwagandha is an evergreen shrub that is used to boost energy and reduce stress. Each serving contains 600 mgs of Ashwagandha extract. Ashwagandha KSM-66 is the highest concentration, most bioavailable full-spectrum root extract available on the market today. It retains natural constituents of the herb in the original balance. It also has an extensive set of research studies and clinical trials.

**LION'S MANE** 60 Caps

Fuel your brain with the power of LION'S MANE. Each serving contains 600 mg of organic Lion's Mane harvested from organic mushrooms. ALLMAX LION'S MANE delivers the whole fruiting body to support mental focus, clarity and mood. Lion's Mane also contains fungal polysaccharides which have been shown to have immunomodulating properties.

**TAURINE** 400 g

As a non-essential amino acid, taurine is one of the most abundant amino acids in the body. It can help improve exercise performance and body composition. Similar to glutamine, taurine can also be considered a conditionally essential amino acid as during times of extreme physical exhaustion, the body does not produce enough and supplementation is required.

## ESSENTIALS FOR SLEEP & RECOVERY

Get the sleep and recovery you need with our specialized recovery supplements. Our supplements support muscle recovery, reduce soreness, and improve overall sleep quality for faster healing.

**GLUTAMINE** 100 g, 400 g & 1,000 g (Powder)

The ultimate in bodybuilding anabolic support, glutamine is the most abundant amino acid found in muscle tissue. During times of stress, including exercise and athletic events, glutamine is one of the first amino acids to be oxidized. Supplementation with glutamine may help to support muscle glutamine levels, prevent muscle tissue breakdown and increase recovery.

**KSM-66** 60 Caps

Ashwagandha is an evergreen shrub that is used to boost energy and reduce stress. Each serving contains 600 mgs of Ashwagandha extract. Ashwagandha KSM-66 is the highest concentration, most bioavailable full-spectrum root extract available on the market today. It retains natural constituents of the herb in the original balance. It also has an extensive set of research studies and clinical trials.

**MELATONIN BHR** 60 Caps

Melatonin, a naturally occurring hormone, plays a crucial role in regulating the sleep-wake cycle. Studies have shown that melatonin supplementation can enhance sleep quality, reduce the time it takes to fall asleep (sleep onset latency), and extend total sleep duration

**ZMX<sup>2</sup>** 90 Caps

ALLMAX has achieved maximum absorption levels with next generation ingredients like P5P (Vitamin B6 in the advanced Pyridoxal-5-Phosphate form) delivering 550%, highly bioavailable magnesium bisglycinate and ionically-bound zinc gluconate at 200%.

# ESSENTIALS FOR ENDURANCE & PERFORMANCE

Improve your Endurance & Performance with our professional-grade supplements. Designed to enhance stamina, increase workout intensity, and support long-lasting energy, our supplements are perfect for athletes looking to reach peak performance.

**AGMATINE+** 45 g

Helps improve body composition, improves blood flow to muscles and supports a healthy stress response.

**ARGININE HCL** 400 g

Acts as a natural precursor to creatine synthesis in the body. It has also been shown to increase natural levels of growth hormone and increase the body's ability to consume and utilize oxygen.

**BETA-ALANINE** 400 g

This non-essential amino acid increases the lactate threshold, which is the limiting factor in most training sessions. By promoting high intramuscular carnosine concentrations, BETA-ALANINE acts as a precursor to nitric oxide (NO) production.

**CAFFEINE** 100 Tablets • 200 mgs per serving

Caffeine can provide the energy you need to get through your workouts. It can also serve as a powerful energy boost for those days that you just don't seem to have the energy to make it through a hard training session.

**CITRULLINE MALATE** 300 g

Improves training intensity, endurance and speed of recovery. It supports nitric oxide production and increases ATP production and also may help reduce muscle fatigue.

### EGT<sup>20+</sup> 30 Caps

Combines the power of L-Ergothioneine (EGT) and Cordyceps (Cordyceps Sinensis) to create a cutting-edge formula designed to boost athletic performance, enhance muscle recovery, and support overall health.

### L-CARNITINE 16 oz Liquid & 120 Caps

The perfect stimulant free fat metabolizer, performance enhancer and anti-oxidant, L-carnitine is the perfect supplement for fat loss, muscle gain and high endurance stamina. Whether you choose rapid delivery capsule, rapid absorption liquid L-carnitine, you know you're getting ALLMAX purity and potency, fully tested and guaranteed.

### PEAKO2 100 g

PeakO2<sup>®</sup> is an organic-certified combination of six adaptogenic mushrooms grown in the USA. PeakO2<sup>®</sup> also contains potent antioxidants which are present in mushrooms such as King Trumpet. PeakO2<sup>®</sup> allows users to "adapt" to and overcome physical and mental stress, increasing power and endurance.

### TAURINE 400 g

As a non-essential amino acid, taurine is one of the most abundant amino acids in the body. It can help improve exercise performance and body composition. Similar to glutamine, taurine can also be considered a conditionally essential amino acid as during times of extreme physical exhaustion, the body does not produce enough and supplementation is required.

## ESSENTIALS FOR HEALTH & VITALITY

Take control of your overall health and vitality with our supplements designed to support immunity, boost energy, and promote general well-being—helping you feel your best every day.

### BERBERINE HCL 30 Caps

Berberine HCL is a naturally-occurring plant extract that helps enhance glycogen stores and supports healthy digestion. Each capsule contains 500 mgs of Berberine HCL. Berberine HCL also helps support healthy blood sugar (glucose) metabolism and cardiovascular health.

### D-ASPARTIC ACID 100 g

D-Aspartic Acid is an isomer of the more common L-Aspartic Acid. Recent human clinical research using oral dosages of 3.12 g of D-Aspartic Acid revealed increases in testosterone of 42% on average in just 12 days.

**DIM** 60 Caps • 200 mgs per serving

Diindolymethane, also known as DIM, is a naturally-occurring compound found in vegetables like broccoli and kale. As a supplement, it has gained popularity due to its potential health benefits, including supporting hormonal balance in both men and women. DIM may also help to promote healthy digestion and weight management.

**FADOGIA AGRESTIS** 120 Caps • 325 mgs/serving

Fadogia Agrestis has been used for centuries in traditional African medicine to support muscle building, improve athletic performance, treat erectile dysfunction and increase testosterone.

**KSM-66** 60 Caps

Ashwagandha is an evergreen shrub that is used to boost energy and reduce stress. Each serving contains 600 mgs of Ashwagandha extract. Ashwagandha KSM-66 is the highest concentration, most bioavailable full-spectrum root extract available on the market today. It retains natural constituents of the herb in the original balance. It also has an extensive set of research studies and clinical trials.

**LONGJACK TONGKAT ALI** 60 Caps • 325 mgs/serving

Longjack Tongkat Ali is a 100% unadulterated Longjack Tongkat Ali (Eurycoma longifolia) extract. The benefits of Tongkat Ali include improved vitality, increased libido and elevated sex drive. When used as directed, Allmax Tongkat Ali may help enhance vigor and vitality while contributing to an improved sense of well-being.

**NAC** 60 Caps • 600 mgs per serving

NAC helps to increase the levels of Glutathione which is considered the most powerful antioxidant – helping to neutralize free radicals. In addition to protecting the body from oxidative damage, an NAC supplement also helps your body's detoxification system.

**OMEGA3** 180 Softgels • 1000 mgs per serving

Athletes have long known the power of deep cold-water fish oil to attain peak physical performance. The standard North American diet is deficient in consumption of omega-3 essential fatty acids (EFAs) and is heavily unbalanced by an over abundance of omega-6 and 9 EFAs. Known as the healthiest of fats, omega-3 EFAs provide a wide range of health and performance benefits.

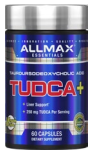

**R+ALA** 60 Caps • 150 mgs per serving

R+ALA promotes the muscle's uptake of glycogen by helping support insulin activity and accelerate the amount of nutrients shuttled to muscles pre and post workout.

**TUDCA+** 60 Caps

TUDCA (Tauroursodexoycholic acid) is a component of bile acid that helps protect and improve liver function. Only a small amount is produced naturally. Each serving contains 250 mgs of Tudca and 27.5 mgs of Choline.

**TRIBX90** 90 Caps • 750 mgs per serving

TribX90 provides the highest quality 100% pure Bulgarian species Tribulus terrestris. Athletes use tribulus terrestris as it helps support their own natural levels of testosterone. Tribulus terrestris may also support a healthy libido function.

## ESSENTIALS FOR WEIGHT MANAGEMENT

Accelerate your weight management goals with our best in class supplements, featuring both non-stimulant and stimulant-based options. Whether you prefer a gentle, steady boost or a more intense thermogenic effect, our supplements are designed to support your journey with effective, research-backed ingredients.

**BERBERINE HCL** 30 Caps

Berberine HCL is a naturally-occurring plant extract that helps enhance glycogen stores and supports healthy digestion. Each capsule contains 500 mgs of Berberine HCL. Berberine HCL also helps support healthy blood sugar (glucose) metabolism and cardiovascular health.

**CLA95™** 30, 90 & 150 Softgels • 1000 mgs per serving

Derived from pure safflower oil, only CLA95™ provides a true 95% yield of the active CLA isomers which has been shown to improve body composition with diet and exercise. ALLMAX CLA95™ includes natural tocopherols (Vitamin E) to help protect CLA from oxidation.

**CAFFEINE** 100 Tablets • 200 mgs per serving

Caffeine can provide the energy you need to get through your workouts. It can also serve as a powerful energy boost for those days that you just don't seem to have the energy to make it through a hard training session.

**L-CARNITINE** 16 oz Liquid & 120 Caps

The perfect stimulant free fat metabolizer, performance enhancer and anti-oxidant, L-carnitine is the perfect supplement for fat loss, muscle gain and high endurance stamina. Whether you choose rapid delivery capsule, rapid absorption liquid L-carnitine, you know you're getting ALLMAX purity and potency, fully tested and guaranteed.

**MCT OIL** 12 oz

MCT Oil is derived from 100% coconut oil with a 60:40 blend of C8 (Caprylic Acid) and C10 (Capric Acid). Helps sustain energy, supports body fat reduction and boosts metabolism. C8 and C10 are shown to be the easiest and fastest MCTs for the body to absorb and process into energy. C8 is widely known as the best and fastest absorbing medium chain triglyceride for an instant clean energy boost.

**YOHIMBINE + RAUWOLSCINE**

60 Caps 3 mgs of Yohimbine HCL and .5 mgs of Rauwolscine

Yohimbine + Rauwolscine (Alpha-Yohimbine) is frequently used for rapid fat loss due to its targeted ability to act on stored fat. Yohimbine + Rauwolscine help increase lipolysis; the release of fatty acids within stored fat.

**ESSENTIALS FOR DIGESTIVE HEALTH**

Optimize your Digestive Health with our supplements designed to enhance nutrient absorption, support gut health, and promote overall wellness.

**BERBERINE HCL** 30 Caps

# Simple, Mouthwatering Recipe Ideas

## Chocolate Mint Cookies

### Ingredients:

- 3 scoops ISO FLEX Chocolate Mint
- 3 tbsp of peanut butter
- 1/2 cup of ground oats
- 2 tbsp of coconut flour
- 1/2 cup egg whites
- 9 slivered almonds (optional)
- 2 squares of sugar-free or 80% dark chocolate

### Preparation:

- 1) Place oats in a food processor and blend until semi-fine yet still coarse.
- 2) Mix ISO FLEX, peanut butter, coconut flour and ground oats together. Slowly add in the egg whites and stir. Let stand for 10 minutes. This will help the oats absorb all of the liquid and allows for easy shaping.
- 3) Shape the mixture into circle cookies and press down on wax paper.
- 4) Heat the chocolate in the microwave for 1 minute until melted. Spread chocolate on top of each cookie using a spatula. Top with slivered almonds (optional).
- 5) Place in fridge for 30 minutes. Leave cookies on wax paper and place in a sealed bag(s) in the fridge to keep fresh.

## Easy Overnight Protein Oats

### Ingredients:

- 1 scoop ISONATURAL vanilla
- 1 cup rolled oats
- 1 cup almond milk
- 1 container of coconut yogurt
- 1 tbsp chia seeds
- 1 tsp cinnamon

Topping (optional): raspberries, coconut, banana

### Preparation:

- 1) Mix all ingredients together in a bowl and pour it into a jar.
- 2) Place the jar in the fridge overnight.
- 3) Add your favorite toppings in the morning, eat cold or heat up on the stove in a pan with coconut oil over low heat.

## Power-Up Protein Pancakes

### Ingredients:

- 1-2 scoops CLASSIC ALLWHEY (your favorite flavor)
- 1 cup oats
- 2 eggs
- 1 banana
- 1/2 cup egg whites
- 4 tsp baking powder
- 2 tbsp flax meal
- pinch of salt and cinnamon

### Preparation:

- 1) Blend oats in a food processor to make a flour consistency.
- 2) Preheat stove top and spray a pan with non-stick cooking oil.
- 3) Pour the oat flour into a bowl and mix in the remaining dry ingredients then combine the wet ingredients to create a batter.
- 4) Scoop 1/4 cup of batter into the pan. Cook for approx. 1 minute on each side, then remove from the pan when ready. Yields 6-9 pancakes.
5. Optional: Top with your choice of fruit or real maple syrup and enjoy!

## Frozen BCAA Pops

### Ingredients:

- 1 scoop AMINOCORE (any flavor)
- 1 cup water
- Mixed berries or chopped fruit (optional)

### Preparation:

- 1) Mix water and AMINOCORE in a shaker cup until dissolved.
- 2) Pour into a popsicle mold or ice tray.
- 3) Freeze for 4-5 hours.
- 4) Take out of the mold to enjoy!

## Monster Mass Shake

### Ingredients:

- 1 scoop QUICKMASS (any flavor)
- 1 banana
- 1 cup coconut milk
- 1/4 tsp ground cinnamon
- 1 tbsp chia seeds
- 1 cup ice

### Preparation:

- 1) Mix all ingredients in a blender until well combined.
- 2) Pour into a glass
- 3) Optional: Top with shredded unsweetened coconut and a sprinkle of cocoa powder.
